St. Joseph's University on February 13 hosted 'Roots to Wings', its first Scholarship Day.

The chief guest, Dr. Markus Obkircher, director and head of customer solutions R&D (chemistry) at Merck KGaA, said that each student represented "hard work and sacrifice".

Chancellor Dionysius Vaz underscored the university's mission to nurture socially responsible citizens through value-based education. Vice-Chancellor Victor Lobo encouraged the scholarship awardees to make the most of the opportunities provided to contribute meaningfully to society.
