7. Analyse this case:

Ronald is a 21 year old young man, who is currently not in college since he could not meet the requirements of his attendance. Ever since he was asked not to come back to college, he has been wasting his time with his street friends and indulging with drugs and alcohol. Ronald also was into two romantic relationships, he was wasting money on buying expensive gifts for his two partners. Ronald was involved with Mercy and Marcus, which means he was bi-sexual. When he was broke he started stealing money for his drugs and other illegal activities. Ronald is talented young man, but has been wasting his life doing unproductive things. He also committed petty crime and was in jail for few days. All this caused a lot of pain and struggle for his parents who wanted him to reform himself.

Ronald's parents have come to you to seek help.

8. The COVID 19 Pandemic, has created a lot of Mental Health issues among Children, Young and Old People, we have heard about suicides and severe anxiety disorder. What is the role of a Social Worker in this context? Why is it important to invest in mental health awareness and how do you believe you can bring about positive changes?
