Read the following passage carefully and answer questions 1 – 4 :

They [the British] came with their religion, bibles in hand, to civilize us savages. Heathens, they thought we were, nomads who roamed this land, forever seeking food and nourishment from the earth mother, the earth we had lived in unity with for forty thousand years. They came, only because they didn't understand us or our culture, to change our ways to their ways, white ways, white ideas, lording it over us. But who were they to decree what was right and what was wrong, forever changing us to their ways, foreign ways, they came. We had laws and rules to abide by, we had a spirituality more spiritual than theirs. We had family clans, all one people. We danced together, played together, lived together, hunted the roo and the possum together and stayed together. They came to destroy everything sacred to us, they came to annihilate us, but we survived and are still here.

We live and so does our culture and we will stand together and fight for our rights in this country, the land of our ancestors and the earth mother.

I turned to share the transport – Oh ! with whom
But Thee, long buried in the silent Tomb,
That spot which no vicissitude can find ?
Love, faithful love, recalled thee to my mind –
But how could I forget thee ? – Through what
power,
Even for the least division of an hour,
Have I been so beguiled as to be blind
To my most grievous loss ! – That thought's
